DYSENTERY, CHOLERA, FEVER, AGUE COUGHS, COLDS, &c.

DR J. COLLIS BROWNE'S
(Ex Army Med Staff)
CHLORODYNE,

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne, that they prescribe it largely, and mean no other than Dr Browne's—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

Dr J Collis Browne's Chlorodyne,

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera Dysentery, Diarrhœa, Colics, Coughs, Asthma, Cramp Rheumatism, Neuralgia, Whooping Cough, Hysteria, &c

EXTRACTS FROM MEDICAL OPINIONS

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet, Dec 31, 1864

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay. "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed."

Dr Lowe, Medical Missionary to India, reports (Dec. 1865) that in nearly every case of Cholera in which Dr J Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed.

See leading article, Parmaceutical Journal, Aug 1, 1869, which states that Dr J Collis Browne was the inventor of Chlorodyne that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government stamp. Overwhelming medical testimony accompanies each bottle.

The Great Blood Purifier.

FOR INFLAMMATORY AND CHRONIC RHEUMATISM AND GOUT, DYSPEPSIA or INDIGESTION, BILIOUS REMITTENT and INTERMITTENT FEVERS, DISEASES of the BLOOD, LIVER, KIDNEYS and BLADDER, these BITTERS have been most successful. Such Diseases are caused by VITIATED BLOOD which is generally produced by derangement of the digestive organs.

Cleanse the vitiated Blood, whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy and all will be well.

Ayer's
Hair Vigor,
For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,

PRICE $1.00.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,
For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

Betts's Capsule Patents.

TO PREVENT INFRINGEMENTS, NOTICE IS HEREBY GIVEN that BETTS' NAME is ON EVERY CAPSULE he makes for the principal merchants in England and France, thus enabling vendor, purchaser and consumer, not only to identify the genuineness of the Capsule, but likewise the contents of the vessel to which it is applied. The Lord Chancellor, in his judgment, on the 8th February, 1868, said that the Capsules are not used merely for the purpose of the ornament, but that they are serviceable in protecting the wine from injury and insuring its genuineness.

THE GRAND PROMOTERS OF HEALTH.
HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. It is pre-eminence as a remedy for bilious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive, that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation protected, so that both physical and moral energy are increased

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertical dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water salivates, so oil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Bilious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub the celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known the world for the following diseases:

Ague	Female Irregularities	Scrofula King's Evil
Asthma	Fevers of all kinds	Sore Throats
Bilious Complaints	Fits	Stone and Gravel
Blotches on the Skin	Gout	Secondary Symptoms
Bowel Complaints	Headache	Tic-Douloureux
Colics	Indigestion	Tumours

THE BRITISH COLONIST.

Sunday Morning, June 12, 1870.

Close of Our Twenty-Third Volume.

The ptesent edition completes the twenty-third volume of this journal. Established in 1858, it may be said to be coeval with the colony itself. During these years it has witnessed many changes, experienced many ups and downs, fought many hard battles, and although it has weathered every storm, it only avoided complete shipwreck in 1866 by being consolidated with its more flourishing and consistent rival, the *Chronicle*, whose proprietors took it over and made it what it is—gave it the proud and influential position it now occupies. For its eccentricities and anti-Free Port vagaries, from the dire effects of which the commerce of the country has never recovered, and to which Victoria in great part owes her empty houses and grass-grown streets, we are in no way responsible. Indeed, it has been the aim of *The Colonist*, since coming into the hands of the present proprietor, to undo, as far as possible, that fatal blunder. It has been our constant endeavor to establish, upon a broad, liberal and enduring basis, an independent journal—a PEOPLE'S ORGAN, placed equally beyond the reach of the blandishments of those in power, and the unreasoning clamor of transient excitement. We hold it to be just as much the duty of an independent journalist to expose unscrupulous, self-seeking political tricksters as it is to denounce the unrighteous measures of an unconstitutional and unacceptable Government. Both duties have been fearlessly discharged in these columns; and if we have been so unfortunate as to tread upon individual corns the responsibility must rest with those whose feet have obstructed our path of public duty. For a journalist to attempt to please each and every one of his readers would be but to re-enact the *role* of the 'old man and the ass.' It has been, and will continue to be, our honest endeavour and highest ambition to publish an independent newspaper,—not a mere personal organ; and the present position of *The Colonist* would indicate no little success. As in the past, so in the future, will it be our constant aim to supply, at a reasonable price, the best paper the country can afford. New arrangements, upon a more thorough and extensive scale, are being made for supplying the public with the latest intelligence from all parts of the world, both by means of the telegraph and an efficient staff of correspondents; the publishing office will in a short time be removed to much more ample and commodious premises; a large addition to the plant is about to be made, comprising the latest styles of type, both for job and newspaper work, which will enable the paper to come out in new dress: an engine has been ordered, so that we may be enabled to keep pace with our rapidly increasing issue. When these and other improvements shall have been perfected we shall be enabled to place before the numerous readers of *The Colonist* a newspaper second to none on the Pacific Coast, both as a vehicle for the latest news and as an effective and reliable medium for advertising. As the oldest and most influential journal, as well as the only one taking the telegraphic news, it has already attained a very general circulation within the colony, while the weekly edition enjoys a circulation abroad nearly if not quite equal to the entire issue of its local contemporary. While we are thus prepared to do our part, need we remind the public that they also have a duty to perform in this matter? The publication of such a newspaper as we are determined to make *The Colonist* involves weighty financial responsibility, as well as great mental and physical effort. Upon the public must we, therefore, after all, depend for success. We can do no more than the people enable us to do. We are determined to do no less. In order that we may be enabled to supply a first class, independent newspaper the public must continue to prove that they appreciate its value by extending to it a liberal and steady support.

The Colonial Question Again.

A very interesting discussion took place in the British House of Commons, on the 26th of April. The immediate cause of discussion was a motion offered by Mr R Torrens for a Select Committee to enquire into the modes of communication between the self-governing colonies and the Colonial Office. The motion, couched, as it was, in vague and general terms, afforded ample scope for treating the whole colonial question in the most discursive way. And the opportunity was embraced by several members. Mr. Eastwick, who seconded the motion, argued earnestly against the policy of severance, and showing that the balance of pecuniary profit is overwhelmingly on the paternal side. He estimated the income drawn by the Mother Country from her colonies at £10,000,000 a year, while they only cost her somewhere about one fourth of that sum. But, far above this towered the moral and political value of the colonial empire. On this point Mr. Eastwick expatiated with great force, condemning the mere £. s. d. view, and objecting to "England's present habit of travelling by third-class train." Lord Bury followed. He regarded the motion as calculated to do injury rather than good. Although, looking to ultimate independence as the natural end of colonization, he was desirous of continuing the connection as long as possible, believing it to be a mutual advantage to the colonies and the mother country. Lord Sandon urged that Great Britain would be neglecting her plain duty to the world at large if she stepped down from the rank of a first class power, by tamely allowing her colonies to slip away from her. Such a policy, he said, would be opposed to the general tendency of the age, which was against small, weak nationalities. The British Government, he said, owe it as a duty to the people to keep open for them these great fields of emigration, and to the colonists to preserve to them the inestimable advantage of a connection with the old empire. Mr Gladstone replied, denying that there was any new policy contemplated; there had been merely a successive development and application of admitted principles to one colony after another as circumstances permitted. The pith and object of these principles, so far from being one of severance, was to prolong to the utmost the continuance of the connection, but to secure, if separation were inevitable, that it should happen amicably. He held the desire that both parties in the State had shown to place the colonial policy on a sounder basis to be one of the happiest chapters in cotemporary history. As for the military policy, he maintained that it was for the especial interest of the colonists that the responsibility of their own defence should be thrown on them. The House divided on 'the previous question,' moved by Lord Bury, and the motion was carried by a vote of 110 to 67, thus defeating Mr Torrens' motion for a Committee of Enquiry The discussion throughout appears to have borne a more favorable complexion, viewed from a colonial stand-point, than some previous ones.

A Quiet Life.

A little crib beside the bed,
A little face above the spread,
A little frock behind the door,
A little shoe upon the floor.

A little lad with dark brown hair,
A little blue eye face and fair,
A little tune that reads to school;
A little pencil, slate and rule

A little blithesome winsome maid,
A little hand within his laid;
A little cottage, a res four,
A little old time household store.

A little family gathering round;
A little turf-heaped, tear-dewed mound,
A little added to the soil.
A little rest from harder toil.

A little silver in his hair;
A little stool, an easy chair;
A little night of Faith lit gloom;
A little journey to the tomb.

The colors of the double stars are due to existence of certain vapors around them. Out yonder, amid the unfathomable depths which the telescope only can explore, vapors are forming and dissipating according to laws not dissimilar to those which regulate the vapors of our own atmosphere. There is no quiescence in those far-off regions any more than in our own neighborhood. Ceasless change and endless variety characterize no less the universe of stars then the bright terrestrial scene with which we are so familiar.—*St Pauls Magazine.*

BIRTH.

At New Westminster on the morning of the 9th inst., the wife of W. J. Armstrong, Esq., of a son.

The Loss of the Active.

We have seen the last of the poor old Active. She rests her aged bones near Cape Mendocino. We feel thankful that no lives were lost. We fear, however, that the loss of freight to Victoria consignees will be severe. No mention is made of the mails, but as some freight and nearly all the baggage were saved it is reasonable to suppose the mails are safe. The disaster probably occurred during the prevalence of a thick fog. The point at which she was wrecked is about 150 miles south of Crescent City, to which port the news must have been sent by boat, and thence over the trail to Jacksonville, the nearest telegraph station. Among the Victoria passengers believed to be on board are *Mrs* Hankin, Mr J S Drummond and *Mrs* Lewis Lewis. Capt Lyons was in command. The Active was built in 1848. Her first name was the Goldhunter and she ran on the Sacramento river, California, for som years. Afterwards she went into the Portland trade, and subsequently passed into the hands of the United States Government, by whom her name was changed. In 1858 she was a surveying steamer on Puget Sound, and assisted in landing U S troops on San Juan Island. In 1864 she became the property of Holladay & Brenham and has since been a regular visitant to this port. The N P T Co will doubtless send a steamer to bring on the passengers.

From Skeena River—Death of a Peace Riverite—News from the Coast Route Party.

By the arrival of the sloop Yellow Lane, Capt Spence, we have intelligence from Skeena River of the death by drowning, on the 26th of May of an American named Patterson. The deceased was in a canoe with two other white men and attempted to enter the mouth of Skeena River, when a sudden squall capsized the canoe. The two companions of Patterson were picked up by Metlakatlah Mission Indians who were crossing the mouth in a canoe; but the deceased sank immediately. The survivors were taken to Woodcock's store at the mouth of the Skeena where they received kind attention. A letter from the H B Co's agent high up on Skeena River had been received at Fort Simpson. He writes that all the miners bound for Peace River had passed his station. They had prospected the banks and bars of the Skeena and found diggings that would pay from $2 to $2 50 per day to the hand.

Later from Cariboo.

Through a gentleman who arrived from Cariboo last evening, we have dates from William Creek to the 1st inst. Business on the creek was very dull. Winter lingered in the lap of Spring [the naughty thing!] until the 30th May when mining commenced for the season. Since January there have been alternate snow and rain, frost and thaw. There was plenty of water in the creek for mining purposes. The Caledonia and Cariboo claims had begun to pay, and all the claims were starting work. The Bedrock Drain is all right. On Bald mountain, two miles from Richfield, there were nearly three feet of snow. The road from Vanwinkle down was in good order. On Lightning creek the Lightning claim was paying largely and two other companies on the same lead were preparing to wash pay. From Peace River there was no news at Quesnelle-mouth when our informant passed that point.

THE WHALERS—Three whaling parties are preparing to sail for the localities which whales do most frequent. The Howe Sound Company have 17 men engaged, and will occupy their former station near the Sound whose name the Company bears. Dawson & Co are removing their station from Cortez Island to Hornby Island, which lies in the Gulf of Georgia, some 30 miles north of Howe Sound, and near Vancouver Island. The Honolulu party have engaged an efficient crew and will prospect the vicinity of Barclay Sound. Another party, it is said, are expected soon from Honolulu to engage in a similar enterprise on the Coasts of the Colony.

DEATH OF THE NEWS.—The *Evening News*, after a precarious existence of fourteen months, published its valedictory last evening. Mr McMillan announces that he has sold to Mr Amor DeCosmos the whole of his material and that he has laid down the quill. We believe the sum paid for the material was a mere trifle, and that Mr McMillan has accepted a situation as compositor on a new paper to be issued on Wednesday by Mr DeCosmos. An evening paper conducted with spirit and energy in the interests of the people instead of those of unscrupulous politicians ought to yield a comfortable subsistence, and the death of the *News* is another exemplification of the old adage that in journalism, as in commerce, honesty is the best policy.

THE Schooner Surprise, from the West Coast, arrived yesterday, and Capt Carleton reports that the Indians there are constantly intoxicated. Every canoe from Victoria brings cargoes of the firey fluid; fights and deaths are not infrequent, and Lo! the poor Indian is being improved off the face of the earth with a rapidity quite appalling.

DEATH OF CHARLES DICKENS.—It will be seen by reference to our last night's despatch that Charles Dickens, England's great novelist and humorist, has been snatched from his desk in the middle of his last work. All England mourns his loss. The English-speaking world will mourn.

CAVE-AU-LAIT.—Mr Howard's racer was won by the holder of ticket No 81—Mr J Orr.

DEATH OF MR BREW.—Intelligence reached this city yesterday of the death of the Hon Chartres Brew, for some time Gold Commissioner at Cariboo. Mr Brew has been in declining health for some time owing to a too protracted residence in the trying climate of the mountains. He died on the 31st ultimo and was buried on the 2nd inst. Mr Brew received in 1858 the Imperial appointment of Chief Inspector of Police for British Columbia which appointment he continued to hold up to the day of his death, discharging, however, for the most part the duties of Stipendiary Magistrate and Gold Commissioner. On his way out to the colony in 1858 he was a passenger on the steamship Austria when burned at sea, between Southampton and New York. During eleven years and upwards that he has held an office in this colony deceased has earned a high reputation for integrity of character and uprightness of purpose, and during that period he has proved a true friend to many a needy fellow-creature. His loss will be deeply felt by a wide circle of friends. Mr Brew was a native of the County of Galway, Ireland, and was about 50 years of age. He leaves a brother and a sister in this colony.

NEW WESTMINSTER.—The steamer Onward did not go up to Yale on Friday. The water was rising very rapidly and had reached a high stage. The Indian Habannack, charged with the murder of the Indian Celick, at Jarvis Inlet, was brought up for examination before Justices A T Bushby and F G Claudet, on Thursday last, and was fully committed for trial at the next Assizes. There were eighteen prisoners in the New Westminster goal, at the end of last month. On receipt of intelligence of the death of the Hon C Brew, Gold Commissioner at Cariboo, the flags were lowered to half-mast.

JUDICIAL.—It is notified that a Court of Assize and General Gaol Delivery will be held as follows:—At New Westminster on Wednesday, 22nd June. At Yale on Monday, 27th June. At Clinton on Monday, 4th July. At Richfield on Monday, 18th July (passing Soda Creek about 10th July.) The Court will return, arriving—At Soda Creek about Saturday, 6th August. At Clinton about Saturday, 13th August. At Yale about Saturday, 20th August. At New Westminster about Tuesday, 23rd August.

REGISTRATION. — The Registrar General notifies that the limits of the districts of the colony within which application for record and registration of land under the provisions of the 'Land Registry Ordinance, 1870' will be received by the respective Stipendiary Magistrates, on and after the first July next, are the same as defined in the *Government Gazette* of 1st January, 1870, for the purpose of the 'Mineral Ordinance, 1869.'

THE NEEDLE GUN.— An alteration which claims to be a great improvement upon the Prussian needle-gun has been submitted to the King, and has received royal sanction. In consequence of this two or three millions of these rifles in the possession of the Government will be remodelled. The improvements introduced aim at simplifying the loading, and increasing the force and range of the ball.

ARRIVAL FROM NEW WESTMINSTER.—The steamer Enterprise, Capt Swanson, with 20 passengers and a Cariboo mail, arrived yesterday afternoon. Amongst the passengers were Mrs A F Pemberton Capt Irving, Capt Connop, Hon G A Walkem, Capt Frain, Rev Mr White, and Messrs P Manetta and A Clamel. The river is as high as at any time in the memorable summer of 1866.

WE quite incorrectly stated yesterday that Mr Eckstien, the new American Consul, had left his commission at Washington. Mr Eckstien produced all the necessary papers and will assume the duties of his office to-morrow. On Friday Mr Eckstien was introduced to His Excellency the Governor by the late Consul, Mr Francis.

THE steamship California, Capt Rogers, arrived from ports on Puget Sound last evening at 8½ o'clock, and will sail for Portland on Tuesday morning at 3 o'clock. The steamer W G Hunt was lying at Port Townsend, waiting a lull in the wind before starting for San Francisco. Mr Goodhue and Mr Weidler have our thanks for the usual favors.

MUNIFICENT.—Sir F Crossley has offered the Halifax Town Council £10,000, as a loan fund for small tradesmen. Besides other gifts to the extent of £50 000, he has given £10,000 as the basis of a fund for the widows of Congregational clergymen.

CASHMERE GOATS.—About 2000 Cashmere goats are in course of transmission to the Cape of Good Hope. The consignment is made for breeding purposes, and consists entirely of male animals.

THE Sparrowhawk, Capt Mist, sailed yesterday afternoon for San Francisco with His Excellency the Governor and Mr and Mrs Spark as passengers. Mrs Spark will proceed to England.

THE gunboat Boxer will sail on Tuesday for Cowichan, San Juan Island, &c, with Admiral Farquhar and a party of officers and friends. She will return on Friday.

SAN JUAN LIME.—The first consignment of San Juan lime of the season arrived yesterday per Ocean Queen. Mr N C Bailey is the agent.

DIVORCED.—It appears from late San Francisco papers that Miss Susie Robinson, of the Victoria drama of former days, has obtained a divorce from her husband.

HOPE — The Postmaster General announces the appointment of Mr John G Wirth as Postmaster at Hope, *vice* Mr Geo Landvoight, resigned.

A PLACE near the light ship has been selected for the moorings of H M S Zealous whilst on a visit to Fraser River.

STRAWBERRIES.—A consignment of this luscious fruit was brought down last evening in the Enterprise for Piper.

THE California will be due here to-day from Puget Sound.

GOVERNMENT HOUSE at New Westminster is to be completely refurnished.

HUGE dressed Cotswold Sheep, weighing 90 lbs each, were sold at Murray's Victoria Market yesterday. They were raised in Oregon.

CHERRIES are in the market. They are Island grown, and veey fine flavored. The price is four bits per pound.

SPECIAL TO THE DAILY BRITISH COLONIST.

LAST NIGHT'S DISPATCHES.

Total Loss of the Active.

ALL HANDS SAFE!

Death of Chas Dickens!

JACKSONVILLE (Oregon), June 11—Information was received here this morning from Crescent City that the steamer Active, bound for Victoria, was wrecked on a rock about 22 miles south of Cape Mendocino, on the 5th or 6th inst. The vessel is a total loss. No lives were lost. Forty tons of freight and most of the baggage were saved.

California.

SAN FRANCISCO, June 11—Arrived—Bark Lizzie and Rosa, 92 days from Newcastle.
Cleared—Bark Shooting Star, Nanaimo.

Europe.

LONDON, June 10—Charles Dickens died at 6·20 last evening of paralysi.

Later—The death of Dickens causes profound sorrow throughout the land. He was apparently in good health on Wednesday and wrote several pages of *Edwin Drood*. There are unusual demonstrations of public grief in London and other cities.

PARIS, June 11—The French Government renews the negotiations with Minister Washburne for a new postal treaty with the U S, and accepts Cresswell's conditions of last year.

NEW YORK, June 9—The *Tribune's* London correspondent confirms by telegraph the statement that the alleged Roumania butchery was simply a student's joke.

CONSTANTINOPLE, June 8—The fire in Pera district is subdued. Over 70,000 buildings of all sorts were destroyed—many of them among the best in the city. The loss of life greatly exceeds first estimates. The remains of 150 human beings have been found—supposed to be about half the actual loss. The total pecuniary loss is computed at about 25 million pounds sterling. English underwriters will suffer heavily.

MADRID, June 9—In the Cortes yesterday a motion to elect a king by direct vote of the people was lost, and a provision requiring candidates to receive a majority equal to half the whole number of deputies, was carried by 138 to 124.

Eastern States.

WASHINGTON, June 9—The Senate Committee on Commerce has agreed to subsidise the Australian steamship line, which looks favorable for the Pacific mail subsidy.

The Red Cloud delegation had an interview with the President to-day. Red Cloud made a speech previous to his departure. The President promised to use authority for the protection of Indians on reservations as well as for whites against the redskins.

Davis of New York, from the Judiciary Committee, reported that the bill establishing Universal System Naturalization requires as a condition of citizenship three years residence with the intention of becoming a citizen, except in the case of aliens who enlisted in the army and who were honorably discharged, who may become citizens upon one year's actual residence. The bill was discussed at length. Among its opponents was Sargent, who opposed it unless the amendment offered by Fitch, excluding Chinese and Japanese, was passed. Fitch and Axtel closed the debate. The bill was tabled by 102 to 62.

T M Somfer is nominated Receiver of Public Monies at Olympia, W T.

CHICAGO, June 9—A Washington special says in the debate in the Executive session yesterday on the San Domingo treaty, Senator Ferry was very bitter against the President, charging him with being interested with Babcock in a corrupt job to get the treaty through.

Sumner was also very severe on the President.

WHEELING June 9—The Democratic State Convention met at Charleston, the new Capital of State, yesterday. It was largely attended. The platform demands taxation of capital, expunging from the statute books every form of test oath, and the restoration of the ballot to the disfranchised, and declares that the white race is the superior and ruling race of the country.

Joe J Jacobs of Hampshire county was nominated for Governor.

DETROIT, June 8—Gov Baldwin has summoned an extraordinary session of the legislative for 27th July at Lansing. The proclamation says the late Supreme Court decision relative to railroad bonds necessitates some action.

RUTLAND, Vt, June 9—The accident on the Rutland railroad was worse than first reported. Only one man escaped injury, three were killed outright and two of the wounded—Douglas Flint, President of the Boston, Saratoga and Western railroad, and A R Fields—have since died. W H Emerson and several others were horribly scalded.

BOSTON, June 9—The best time on record was made to double teams by Jessie Wales and Harkness. Time—2min 28¼sec.

BOSTON, June 10—Resolutions of sympathy for the people of British Provinces who desire union with the United States, were passed unanimously in the Massachusetts House of Representatives.

A number of horticulturists headed by Col Marshal P Wilder with wife, have left here or San Francisco, where they will be joined by a New York party.

Cuba.

HAVANA, June 9—A Spanish column was attacked by rebels in ambush at Sierra de Cubanas. The rebels were defeated with 12 killed, including 2 chiefs. The insurgents lost 28 killed in two recent engagements.

Sailed—Brig Levi Stevens, Port Townsend; ship Nord, Nanaimo.

SAN FRANCISCO, June 11—Greenbacks 89, selling 89¼, very stiff.

A dense fog prevails, with a strong south-west wind. The mist is heavy enough to wet the dust completely.

The Holy Land.

(From the London Times.)

Mr E H Palmer accompanied by Mr Tyrwhitt Drake, whose expenses are paid by the University of Cambridge, was sent out by the Palestine expedition fund in December last to explore the large tract of desert which lies between the southern limit of Palestine and the Peninsular of Sinai. Starting from Suez he first completed the exploration of the passes by which the plateau of the Tih is approached from the south, and then striking northward from Jebel Odjmeh across the 'Wilderness of Paran,' he made his way to Nakbl, the central station on the Hacji, or pigrim's road between Suez and Akaba. At Jebel Ikhrimm, to days north of Nakbl, he left the usual track to investigate some ruins in Wady Gherraiyeh, a large valley which receives the drainage of the mountain plateau south of Jebel Magrah. These ruins, standing on the isolated hill, appear to mark the site of an ancient fortress, in the foundation of which were discovered square holes, each containing four large amphoræ, carefully packed and protected. Proceeding northward Jabel Araif was next ascended, not without some opposition from the Arabs.

Doctor Robinson's Jebel Mukhrah was found to be precipitous edge of an extensive mountain plateau, called Magrah, which, though intersected by various broad ways, runs northward without any break to a point within a few miles of Wady Seba, where it is divided by Wady Rakhmah from the mountains of that name. To the west of the plateau, and forming the eastern border of Desert el Tih are a number of low mountain groups, amid which the wadys which take their rise in the heart of Jebel Magrah meander on their way to the sea. This country is much more fertile than the open plain, and here it is that the interest of the region culminates, for here must have been the scene, of a great part at least of Israel's wanderings, and here if anywhere, we must look for the traces of many of the cities and towns of the 'South Country' mentioned in the Scripture record.

Ain-el-Gadis, which is situated in a wady of the same name, suggests at once the ancient Kadesh, the scene of the death of Miriam, and the sending forth of the spies. A little to the west of this lies Mawelleh, the traditional sight of Hagar's Well, surrounded by many interesting remains of stone circles and other ruins of a very early date. Further to the north are situated the ruins of El Aujeh, which have been indentified by Dr Robinson and others with El Abdeh, the Ancient Eboda. Mr Palmer, however, has discovered that Abdeh is really situated in the heart of the Jebel Magrah, at the head of Wady Murrah. He has also succeeded in discovering, apparently about twelve miles north-east of El Aujeh, the ruins of Sebata, making probably the site of Zephath, a Canaanitish city, which, after its destruction by the Israelites, was called Hormah. The ruins of this city are situated on a large plain, and contain three churches and a tower, all in a much better state of preservation than any other ruins the travellers have seen, the houses in some cases, being nearly perfect, and the streets still well defined. Mr Palmer mentions the names of many other places, and speaks of discoveries of high interest in illustrating the geography and history of the Bible. His accurate knowledge of Arabic language has also enabled him to obtain much interesting information from the Arabs respecting their country and its traditions.

On reaching Beersheba the travelers found it necessary, in consequence of the draught, to proceed to Hebron to obtain camels, and being so near to Jerusalem they went on there to refit before starting southward again. Mr Palmer's intention was to re-enter the 'south country' by Tell Avad, and to explore the southern portion of the region inhabited by the Azazmeh Arabs, visiting Abdeh, and tracing out the ancient Roman roads. He proposed afterward to pass round the east of the Dead Sea, and to return to Jerusalem. He will thus pass through Moab and as he has obtained from Captain Warren full information regarding the discovery of the Moabite stone, he will be prepared to make inquiries with regard to the discovery of the portions of it that are yet missing, and will doubtless be able to ascertain if any other such valuable relics are still in existence. Mr Drake, in addition to his natural history investigations, has devoted himself with great energy to the other objects of the expedition, and has taken many photographs and sketches.

The whole of the journey has been accomplished on foot, without servants, and with the lightest possible equipage. Considerable opposition has been offered in some places by the Arabs, but tact and patience have so far overcome all difficulties; and the experience already gained will render it easier to meet the greater difficulties which doubtless await the travellers in the less trodden paths that lie before them.

COLLOQUY.—The Hamilton (Ont.) *Times* gives the following: *Scene*, King street; *time*, 8 30 a m—Citizen, to a newly-arrived emigrant loitering about:—'Well, my man, do you want work?' 'Oi! is it carrying beer?' 'No, I want you to dig for me.' 'I can't dig, I'd rather carry beer.' 'And drink it, too, I suppose?' 'Oi, I can do that too.' *Exit* disgusted citizen.

HOLLOWAY'S OINTMENT AND PILLS.—Throughout the year, whether summer heats or wintry chills rule the atmosphere, these remedies are always applicable, and will never fail to reward those sufferers who give a trial to their efficacy. This Ointment is invaluable for the relief of the many accidents which happen to children; chafes, cuts, burns, pimples, and boils are instantly relieved and speedily cured by it; all external inflammations, carbuncles, wartblows, sprains, and erysipelas are restrained in their painful course by this cooling agent and conducted to a thorough cure. Assisted by the purifying powers of the Pills, Holloway's Ointment works wonders in healing up old ulcers, and effectually skins over those chronic sores on the legs which makes existence miserable. 41

When all employment becomes irksome and the mind incapable of continued application to any subject through weariness and exhaustion of the body, then some healthful tonic, acting gently but surely upon the liver and stomach, and gradually increasing the force of the circulation, and of the digestive system will be found to remove the difficulty. Such a medicine is DR. WALKER'S VEGETABLE VINEGAR BITTERS, which in purifying the blood renovates the system giving it renewed vitality and force as of youth again. 19*

MERIT REWARDED.—It must be a source of gratification and pride to the inventor, after years of study and toil, to have success crown his efforts, and know his labors are appreciated. This is peculiarly the case with Dr. Walker's Vegetable Vinegar Bitters, which is composed of purely vegetable preparations, making the most effectual alterative that is possible for the medical intelligence and skill of our times to produce. 26.

CURES AND COMFORT FOR THE BED-RIDDEN,

—BY

Holloway's Ointment

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe

Diptheria, Bronchitis, Sore Throats, Coughs and Colds

his class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings

Beware of this dangerous and stealthy complain which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked to in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, as the delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from piles and similar complaints when they might be Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their case to anyone

Disorders of the Kidneys, Stone and Grave'

Are immediately relieved and ultimately cured if the ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a to rough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	stiff Joints,	Sore Throats,
Bunions	Elephantiasis,	Skin Disease
Bite of Moschetos	Fistulas,	Scurvy,
and Sand Flies,	Gout,	Sore Heads,
Coco-bay,	Glandular	Tumours,
Chiego-foot,	ings,	Ulcers,
Chilblains,	Lumbago,	Wounds

DR. CHING FUN—A CARD—EDITOR BRITISH COLONIST:—Through the medium of your paper I want to state the very great good that has been done me by Dr Ching Fun of this city, next door to Kwong, Lee & Co For 24 years I suffered with neuralgia on the brain, which baffled the skill of three firstclass American physicians Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed Despairing of ever being cured I placed myself as a last resort in the hands of Dr Ching Fun, and after five months' treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief Respectfully,

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H. I. H. Prince Napoleon

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public paper as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals, or in the practice of the first medical men, are authorised by the Government This fact must be a guarantee for the excellency of MESSRS. GRIMAULT & Co's medicines.

Women's and Children's Diseases.

Grimault's Syrup of Iodized Horse Radish.

Patronized for more than twenty years by the Paris Physicians. Cures lymphatism, rachitism, scrofula, congestion of the glands of the neck, paleness and flabbiness of the flesh, loss of appetite, weakness of constitution, the various eruptions on the face, boils, pimples, itchings.—It is the best remedy against the first stage of consumption, and it is the most powerful depurative known.

DOCTOR LERAS'

(Doctor of Medicine.)

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing iron and Phosphorus, which are the elements of the blood. It cures chlorosis, pain in the stomach, difficult digestions, chlemorrhea, anæmia, general debility and poorness of the blood, and agrees especially with the most delicate stomachs.

LUNG DISEASES.

Grimault's Syrup of Hypophosphite of Lime.

It is the best and the most rational of all remedies against consumption Under its influence the cough abates, the night sweats cease, and the patient rapidly recovers health. It gives the same results in cases of coughs, catarrhs, whooping coughs and influenza. In comparing this syrup with the other sold under the same name it will be easy to recognize the superiority of this preparation.

Therefore to avoid any substitution, please to require on the bottle the signature: Grimault and Co.

NERVOUS HEADACHE and NEURALGIA.

GUARANA.

A single powder of this natural vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa,

Digestive Powders, Pills & Elexir of

PEPSINE.

Of certain effect against nausea, pituite, heart burn, gastritis, gastralgia, children's diarrhœa, inflamation of the mucous coats of the stomach and bowels, vomiting during pregnancy, jaundice, etc.

NO MORE COPAIBA OR CUBERS.

Grimault's Capsules and Liquid Extract of Matico Vegetalis.

Where all other Medicines have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe, recent and chronic cases of private disease. They are used in the Hospitals of Paris by the celebrated Dr Ricord, and are found greatly superior to all hitherto known mineral remedies and Copaiba and cubebs. The injection is used in recent and capsules in the more chronic cases.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR. BURIN DU BUISSON'S DIGESTIVE LOZENGES.

This delicious preparation is always prescribed by the most reputed medical men in France, in cases of derangements of the digestive functions, such as gastritis, gastralgia, long and laborious digestions, wind in the stomach and bowels, emancipation, jaundice and complaints of the liver and loins.

They are considered by physicians as being superior to the celebrated Vichy Lozenger.

Largesse's Syrup & Paste

OF SEA PINE SAP.

These two preparations are invaluable and taken with the utmost success for consumption and the various diseases of the chest, and especially for coughs, colds, catarrhs, influenza, hooping cough, bronchitis, asthma, and also for the different affections, of the urinary organs

FERRUGINOUS SYRUP.

OF PERUVIAN BARK.

Superior to all the compounds of Iron for all diseases of the chest, faintine, nervous affections, painful digestions and impoverished blood; it is recognized as the best and most agreeable remedy.

ASTHMA. ASTHMA. ASTHMA.

INDIAN CIGARETTES

Prepared with the Essence of Canabis indica

Wonderful results have been obtained from the use of these cigarettes, by persons suffering from Asthma and other complaints of the respiratory organs.

N. B.—All the above medical preparations are accompanied by instructions as to the manner in which they are to be taken,

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

THE PERFECTION OF PREPARED COCOA.

MARAVILLA COCOA.

SOLE PROPRIETORS,
TAYLOR BROTHERS
LONDON.

THE COCOA (OR CACAO) OF MARAVILLA is the true THEOBROMA LINNÆUS. Cocoa is indigenous to South America, of which Maravilla is a favored portion. TAYLOR BROTHERS having secured the exclusive supply of this unrivalled Cocoa, have, by the skilful application of their soluble principle and elaborate machinery, produced what is so undeniably the perfection of prepared Cocoa, that it has not only secured the preference of homœopaths and cocoa-drinkers generally, but many who had hitherto not found any preparat on to suit them, have after one trial, adopted the Maravilla Cocoa as their constant beverage for breakfast, luncheon, &c.

"AN UNPRECEDENTED SUCCESS."
See following Extract from the Globe of May 14, 1868.

"Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs Taylor Brothers discovered the extraordinary qualities of "Maravilla" Cocoa.

Adapting their perfect system of preparation to this the finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others For Homœopaths and invalids we could not recommend a more agreeable or valuable beverage."

Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original HOMŒOPATHIC COCOA and SOLUBLE CHOCOLATE.

EXTRAORDINARY CURE OF A COUGH

HER MAJESTY'S GUNBOAT "NEILEY,"
WICK, N.E. COAST OF SCOTLAND,
DEAR SIR, September 7th, 1868.

Having had a most distressing cough, which caused me many sleepless nights and restless days, I was recommended by his Lordship the Earl of Caithness to try your invaluable BALSAM OF ANISEED, and I can assure you with the first dose I found immediate relief, even without having to suspend my various duties; and the first small bottle completely cured me, therefore I have the greatest confidence in recommending it to the million

Most respectfully yours,
To MR POWELL. W. LINZELL, R.M.G.B. NEILEY.

POWELL'S BALSAM OF ANISEED,

For Coughs, Colds, Influenza, Shortness of Breath, Asthma Bronchities, and for all affections of the Lungs this old established remedy will be found invaluable.

The large sales and increased demand for this excellent and elegant preparation, which has followed its introduction in Australia, New Zealand and nearly all the British Colonies, has induced the Proprietor to still further extend the beneficial results of its use, and he begs to announce that he is now introducing it for sale into Victoria, B. C., and has appointed Messrs Millard & Beedy Wholesale Agents, through whom Chemists and Storekeepers can obtain a supply.

THE PRICE IS WITHIN THE REACH OF ALL CLASSES;

Established 1824.

Prepared and sold by THOMAS POWELL, 16 Blackfriars Road, London. Sold in bottles by all chemists and Patent Medicine Vendors throughout the World.

IMPORTANT CAUTION—Observe that the Words "THOMAS POWELL, Blackfriars Bridge, London," are engraved on the Government stamp affixed over the top of each bottle, without which none is genuine.
